

EN Specifications

|                              |                                                |
|------------------------------|------------------------------------------------|
| Audio Inputs                 |                                                |
| Connectors                   | 8 x XLR                                        |
| Impedance                    | 1 k $\Omega$ , balanced                        |
| Max. input level             | 30 dBu @ 1 kHz                                 |
| Controls                     | Link<br>Lift/Ground                            |
| Audio Outputs                |                                                |
| Link connectors              | 8 x XLR, parallel to inputs                    |
| Direct out connectors        | 8 x XLR                                        |
| Voltage transformation ratio | 1 : 1.2                                        |
| Impedance                    | 2.7 k $\Omega$ , balanced                      |
| Max. output level            | 38 dBu @ 1 kHz                                 |
| System                       |                                                |
| Frequency response           | 30 Hz to 30 kHz ( $\pm$ 0.5 dB @ +4 dBu)       |
| THD + N (Distortion)         | 0.02% @ 1 kHz, input level +4 dBu              |
| Signal-to-noise ratio        | 104 dBu                                        |
| CMRR                         | >80 dB, typical                                |
| Insertion loss               | +8 dB @ 100 k $\Omega$<br>-5 dB @ 600 $\Omega$ |
| Power requirement            | Passive                                        |
| Dimensions/Weight            |                                                |
| Dimensions (H x W x D)       | 44 x 483 x 65 mm (1.7 x 19.0 x 2.6")           |
| Weight                       | 1.1 kg (2.4 lbs)                               |
