

A New Classic

ELAC Carina FS 247.4

Developed from the renowned award winning 240 series.

Jet Folded Ribbon Tweeter
ELAC's JET tweeters enthrall with its lightning-fast response and wide dynamic range, offering minimal distortion, lots of headroom and a wider frequency range.

Sophisticated Compound Curvature Aluminum Woofer

To match the capabilities of the JET tweeter the compound curvature cone has been developed to control the cone breakup and move it well beyond the operating range of the woofer.

Downward Firing Port

For a more flexible speaker placement the bass reflex port on the Carina series is directed to the floor, exiting the bottom of the speaker cabinet in a down-firing configuration.

An eye on tradition and modernity: in the development of the Carina series, the success of series 240 was acknowledged and, at the same time, the view of modernity was addressed. JET tweeters, special woofer chassis, elaborate crossovers - the goal was from the beginning a powerful, rousing and at the same time natural, dynamic sound.

All this is offered by the Carina series and, in addition, a fresh, elegant look with silky matt finishes.

ELAC

Carina FS 247.4

SPECIFICATIONS

Type:	2-1/2 way Vented box
Woofers:	2 x Aluminum cone 5-1/4"
Tweeter:	JET folded ribbon
Crossover frequency:	1kHz / 2.7kHz
Frequency range (IEC 268-5):	34Hz – 30kHz
Sensitivity:	87dB/2.83V/1m
Recommended amplifier power:	30 to 250 wpc
Peak power handling:	120W
Nominal Minimum impedance:	6 Ohm / 4.8 Ohm
Finishes:	Satin Black, Satin White
Accessories included:	Binding post straps, outrigger feet, spikes and discs
Net Weight (each):	36.20 lbs / 16,41 kg
Dimensions (HxWxD):	42.12" x 8.50" (9.45")* x 8.07" (9.65")* (1070 x 216 (240)* x 205 (245)* mm) * with base
