The EVIVA 15P is a 15-inch powered portable 2-way full range loudspeaker that brings Electro-Voice quality sound and reliability to aspiring musicians, DJs, and small venues. It has been designed for quick deployment, so its user-friendly control and easy connectivity combine well with a lightweight design and rapid setup process to ensure that fast, single-person setup is possible.

Electro-Voice has launched the EVIVA family to deliver best-in-class performance from a performance focused portable powered loudspeaker. To achieve this optimal sound quality, EVIVA features Electro-Voice's patented SST (Signal Synchronized Transducers) and a custom-designed, high-energy 1-inch neodymium high frequency compression driver.

Weighing just 14.6 kg, EVIVA 15P offers a wide 90° x 60° (horizontal x vertical) coverage pattern, extended frequency range of 45 Hz – 20 kHz (-10 dB) and high maximum SPL of 126 dB, delivering clean, even sound across the audience area. It offers industry standard connectivity to make setting up any gig as fast as possible with two XLR/TRS combo jack mic/line inputs, an XLR mix output, and Bluetooth® audio streaming with switchable mono/stereo output. The 2-way full range systems feature a robust composite enclosure, 1000 W amplifier, and 2-channel analog input section. The intuitive control panel features gain knobs for level adjustment and switches for mode changes between **MUSIC** and **LIVE** and high pass changes between **NO SUB** and **WITH SUB EVIVA**

18SP. The loudspeakers are powered via an IEC mains input with universal mains voltage input 100 - 240 V auto-switching. Included power cord varies per region. The portable powered loudspeaker features a modern heritage design and a simple setup process to ensure users can get the most out of their system quicker. The universal appeal of EVIVA 15P is backed by a range of existing accessories. The BRKT-POLE-L wall mount brackets will support installations while tripod stands and transport duffel bag support mobile deployment.
