

HARD-SHELL CARRYING CASE

Product Data Sheet

This rigid carrying case is an elegant way of transporting Focal Utopia or Elear headphones and a cable. The thermo-formed interior compartment is designed to keep the headphones and their cable completely safe. The case is meticulously finished, with a cover in flecked fabric and a handle. This case is the ideal extra purchase when you buy your headphones for carrying them in luggage or a small bag or to tidy them away out of sight at home.

Key points

- Elegant and refined, in harmony with the Utopia and Elear headphones
- Meticulously finished: exterior and interior fabric, handle
- Discreet, light and comfortable.
