

CEILING INSTALLATION LOUDSPEAKER

VRi-C6

Type	Vector 6" Passive Installation Ceiling Speaker
Description	The Vector VRi-C6 is a dedicated yet affordable ceiling speaker solution for audio installation projects. Specifically for connecting to 70/100V line systems, allowing multiple units to be linked across a room or venue. With two power taps on the built in transformer for maximum flexibility. The VRi-C6 offers impressive output levels once installed and its unobtrusive design will match any decor.
