PREMIUM PR:O MOVE8

MOVE IT >

Great sound. Anywhere.

Small, light, powerful sound, and no need to connect to a mains power source – the new, battery-powered MOVE 8 takes great sound everywhere. Whether it's a live performance in a local shopping street, a speech at the opening ceremony of the new school playing field, karaoke fun at the Christmas party, an acoustic gig in the hotel bar, a fitness course in a community hall, or simply a garden party – MOVE 8 makes all that possible, without the need for a power outlet.

It is not only the smart battery technology that makes MOVE 8 so valuable, but also its extraordinary wealth of practical and innovative features. For example, there's the four-channel mixer with reverb effect, Bluetooth audio streaming or wireless remote control via Android and iOS devices, to name but a few. This wireless remote control function also adds a whole host of exclusive features such as the clever karaoke function or the original Celestion speaker simulations for the instrument channel.

All this makes MOVE 8 a sound solution that adapts perfectly to users' changing needs. Gig after gig. Day after day. That's the audio of today.

- Familiar PREMIUM PR:O sound with balanced full-range reproduction for high speech intelligibility and fatigue-free listening
- 4-channel mixer with inputs for a microphone, line signals and an instrument, with a useful 2-band EQ and reverb for each channel
- Switchable guitar speaker cabinet simulations from Celestion
- Bluetooth 5.0 audio streaming
- Free App for iOS and Android for additional functions (karaoke and guitar effects) and use as a remote control
- Up to 11 hours of operation
- Hot swap function, allowing for uninterrupted battery changes and virtually endless sound enjoyment
- Sturdy, lightweight and low-resonance wooden cabinet in a multifunctional format, which can also be operated on speaker stands or as a horizontal monitor
- 5-year warranty (after registration)
- Two rechargeable batteries and a power supply unit included in the scope of delivery.

With MOVE 8, HK Audio is catering to the trend towards truly mobile battery-powered PA speaker cabinets. The sound quality and features meet even professional demands. This makes the new PREMIUM PR:O MOVE 8 the first choice for a variety of applications away from a power outlet.

PREMIUM PRO MOVE 8

Full-range sound for musicians on the go!

- 1" driver with horn for fine resolution up to 20 kHz and a dispersion of 70° × 70°
- Highly efficient 8" bass/mid-range speaker for powerful reproduction with low energy consumption
- Sturdy, lightweight and low-resonance MDF cabinet with robust metal grille
- 4-channel mixing console with master control. Inputs: 2 x Mic/Line, 1 x Instrument and 1 x Bluetooth/Aux
- Direct access to EQ and reverb for channels 1-3 (no App required)
- Authentic, original Celestion guitar cabinet simulation switchable on the instrument channel, allowing for the connection of guitars and effects devices
- MOVE 8 REMOTE App for smartphones and tablets (available on iOS and Android) offers additional features and remote control
- Karaoke function (Vocal Cancellation, Transpose),
- Choice of three Celestion speaker models (CelestionGreenback, CelestionBlue, CelestionVintage30)
- Guitar effects (tremolo, chorus, flange)
- 3 storable user presets via the App
- Slot for two batteries: can be operated with one or two batteries
- 2 batteries supplied
- Tool-free, uninterrupted battery changes possible during operation, even Bluetooth audio streaming can continue simultaneously
- Battery can be charged both in the MOVE 8 and using the optional quick charger
- Universal external mains adapter, which can be used for both the MOVE 8 and the quick charger

MOVE 8 REMOTE App

A free App for MOVE 8 is available on iOS and Android. This extends the range of functions – as well as the possible uses – of MOVE 8. At the same time, the App can be used as a handy remote control for MOVE 8.

Remote functionality

All functions can be controlled remotely via the App. In addition, a 2-band EQ is available for channel 4 (Aux In/Bluetooth).

Guitar cab simulation

There are 3 original Celestion Impulse Response options for you to choose from:

Celestion Greenback, Celestion Blue und Celestion Vintage 30. Each of these world-famous guitar cab simulations brings its own advantages.

Tremolo, Chorus and Flanger guitar effects

The integrated guitar effects offer a very authentic sound without any additional effects devices, thereby ensuring even more flexibility.

Karaoke function

Vocal Cancellation and Transpose create a versatile karaoke effect.

Storable presets

All EQ settings and effect parameters can be stored in 3 memory locations.

OPTIONAL ACCESSORIES

Additional batteries

Each battery gives up to 5.5 hours of operation.

External quick charger

Charges the battery within 2 hours using MOVE 8's external mains adapter. Thanks to the uninterrupted battery change, virtually limitless operation is possible with just two batteries.

Carrying bag

The padded bag not only offers protection during transport – it can be used to carry MOVE 8 conveniently over your shoulder, keeping your hands free for any other equipment. The extra compartment offers space for the power adapter, spare batteries and quick charger.

MOVE 8	
Max. SPL peak @ 10% THD	123 dB half space
Frequency response +/- 3 dB	65 Hz – 18 kHz
Frequency response -10 dB	55 Hz – 20 kHz
