Harman Kardon Signature Sound

Optimized for travel and with 40mm drivers, Harman Kardon FLY ANC headphones delivers premium, rich sound when you are on the move. Enjoy beautiful music no matter where your day takes you.

Premium comfort and design

Created from refined materials, Harman Kardon FLY ANC headphones cradle your ears in comfort. Their sophisticated details include a leather headband and aluminum ear cap for style, comfort and durability.

Google Assistant and Amazon Alexa built-in

A simple touch on the earbud activates the Voice Assistant of your preference. Get answers, play music and tackle the challenges of your day using simply the power of your voice.

Zero distractions

Tune out anything that would come between you and enjoying your music. Harman Kardon FLY ANC headphones' advanced noise cancelling technology means you hear more of what you want and less of what you do not.

Lightning fast charging

With a 20 hour battery life and just 15 minutes of charging needed for 2.5 hours of playtime, Harman Kardon FLY ANC headphones ensure productivity and less downtime away from your music.

Easily manage your connections

With Harman Kardon FLY ANC headphones' multipoint connection, you can seamlessly switch between devices. Click easily from a movie to a call and back again.

Powerful options

Lose battery? Just plug the detachable audio cable into your Harman Kardon FLY ANC headphones to keep listening with noise-cancelling switched off. Use the same cable as an in-flight adapter, and enjoy in-flight movies or listening channels with the luxurious personalized sound you are accustomed to.

Safe and sound

Harman Kardon FLY ANC headphones are the perfect companion for active professionals who require exquisite sound as their constant companion. The included hard-sided travelling pouch ensures your headphones are protected wherever you go.

Explore more with the Harman Kardon Headphones' App

Enhance your listening experience with the Harman Kardon Headphones App. Enjoy personalize sound by adjusting the different equalization settings to your preference and select your Voice Assistant between Google Assistant and Amazon Alexa. Let your ears do the rest.
